MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

The Group is an interdealer broker in Hong Kong providing derivatives brokerage services to the professional investors (as defined under the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong) (the “SFO”)) (the “**Professional Investors**”) through its wholly-owned subsidiary, De Riva, which is a licensed corporation under the SFO and a HKFE Exchange Participant. De Riva is licensed by the Securities and Futures Commission of Hong Kong (the “SFC”) to carry out type 1 (dealing in securities) and type 2 (dealing in futures contracts) regulated activities in Hong Kong for Professional Investors without providing any margin financing services. Under the licensing condition, De Riva can only provide services to Professional Investors.

The principal business of the Group is derivatives brokerage, which involves matching and/or executing and settling derivatives trade orders for the customers. When the customers place a trade order, it usually involves a combination of futures and options and other derivatives products, which are typically viewed as a single product by the customers in the derivatives market. During the period under review, the Group derived all of its revenue from commission income for derivatives brokerage services provided to the customers.

For the three months ended 30 June 2022, the trade orders involved listed derivatives products which were either executed on the Hong Kong Exchanges and Clearing Limited (the “**HKEx**”), Singapore Exchange (the “**SGX**”) or Eurex Exchange (the “**EUREX**”), and non-listed derivatives products which were all executed over-the-counter (“**OTC**”). The Group has, through De Riva, entered into arrangements with a number of execution brokers to provide derivative services for SGX listed derivatives as De Riva does not have the relevant trading rights. Hence, De Riva acted as an agent to arrange for and match up trade orders without providing any execution, settlement or clearing services, and trading parties are directly responsible for all risks involved in the OTC transactions.

For the three months ended 30 June 2022, the revenue was approximately HK\$9.9 million, representing an increase of approximately 10.0% when compared with the revenue of approximately HK\$9.0 million of the corresponding period in 2021.

FINANCIAL REVIEW

The revenue increased from approximately HK\$9.0 million for the three months ended 30 June 2021 to approximately HK\$9.9 million for the three months ended 30 June 2022, representing an increase of approximately 10.0%. The increase was mainly due to the increase in trade volume.

The following table sets forth the revenue breakdown for the three months ended 30 June 2022, together with the comparative results for the corresponding period in 2021:

	For the three months ended 30 June		2021

	<i>HK\$'000</i>	<i>%</i>	<i>HK\$'000</i>	<i>%</i>

TOTAL	<u>9,855</u>	<u>100.0</u>	<u>8,953</u>	<u>100.0</u>

Staff costs

Staff costs comprise salaries, provident fund contribution and other allowance. The staff costs decreased from approximately HK\$7.4 million for the three months ended 30 June 2021 to approximately HK\$6.7 million for the three months ended 30 June 2022, representing a drop of approximately 9.5%. The decrease was mainly attributable to the decrease in the number of staff employed by the Group. In addition, the decrease was also attributable to the decrease in share based payment expenses as a result of the share awards granted on 6 April 2020 under the share award scheme of the Company adopted on 4 April 2019.

Depreciation

The depreciation of property and equipment and right-of-use assets decreased from approximately HK\$633 thousand for the three months ended 30 June 2021 to HK\$nil for the three months ended 30 June 2022, representing a decrease of 100%. The decrease was mainly due to the full impairment of property and equipment and right-of-use-assets in the year ended 31 March 2022.

Other operating expenses

The operating expenses consist of clearing expenses, information system services expenses, error expenses, legal and professional fee etc. The other operating expenses increased from approximately HK\$3.1 million for the three months ended 30 June 2021 to approximately HK\$3.4 million for the three months ended 30 June 2022, representing an increase of approximately 9.7%. The increase was mainly due to the increase in clearing expenses.

The clearing expenses for the three months ended 30 June 2022 was approximately HK\$976 thousand, representing an increase of HK\$308 thousand or 46.1% over approximately HK\$668 thousand of the corresponding period in 2021. The increase in clearing expenses was mainly due to increase in cost of clearing expenses charged by the clearing houses. In addition, the increase in clearing expenses was in line with the increase in revenue of the Group.

Income tax credit

Income tax credit for the three months ended 30 June 2022 was HK\$nil, while the income tax credit of the corresponding period in 2021 was approximately HK\$23 thousand. Such change was mainly due to the unwinding of deferred tax liabilities arising from the impairment loss recognised in respect of property and equipment in the year ended 31 March 2022.

Loss for the period

The Group recorded a loss of approximately HK\$137 thousand for the three months ended 30 June 2022 (three months ended 30 June 2021: HK\$2.2 million). The decrease in loss was mainly due to the increase in revenue, decrease in depreciation, decrease in staff cost, after netting off the increase in other operating expenses during the three months ended 30 June 2022 as discussed above.

ERROR EXPENSES AND FACILITATION EXPENSES

The Group's error expenses and facilitation expenses for the new error report filings are as follows:

	Error Expenses <i>HK\$'000</i> <i>(Unaudited)</i>	Facilitation Expenses <i>HK\$'000</i> <i>(Unaudited)</i>
April 2022	–	63
May 2022	–	99
June 2022	–	68

The error trades are generally resulted from unintentional human errors and the daily business operations are closely monitored by the management team.

To manage liquidity risk, the Group monitors the liquidity position daily to ensure that the liquidity structure of the Group's assets, liabilities and other commitment can meet the funding and SFC regulatory requirement.
